In further support of this Third Supplemental Application, the Debtors respectfully represent as follows:

Background

A. The Chapter 11 Filings

1. On October 8 and 14, 2005, Delphi and certain of its U.S. subsidiaries and affiliates filed voluntary petitions in this Court for reorganization relief under chapter 11 of title 11 of the United States Code, 11 U.S.C. §§ 101-1330, as then amended (the "Bankruptcy Code"). The Debtors continue to operate their businesses and manage their properties as debtors-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. This Court entered orders directing the joint administration of the Debtors' chapter 11 cases.

2. No trustee or examiner has been appointed in the Debtors' cases. On October 17, 2005, the Office of the United States Trustee (the "U.S. Trustee") appointed an official

committee of unsecured creditors (the "Creditors' Committee"). On April 28, 2006, the U.S. Trustee appointed an official committee of equity holders.

3. This Court has jurisdiction over this motion pursuant to 28 U.S.C. §§ 157 and 1334. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409. This matter is a core proceeding under 28 U.S.C. § 157(b)(2).

4. The statutory predicates for the relief requested herein are sections 327(a), 328(a), and 1107(b) of the Bankruptcy Code and Rule 2014 of the Bankruptcy Rules.

B. Current Business Operations Of The Debtors

5. Delphi and its subsidiaries and affiliates (collectively, the "Company") as of December 31, 2006 had global net sales of approximately \$26.4 billion and global assets of approximately \$15.4 billion.¹ At the time of its chapter 11 filing, Delphi ranked as the fifth largest public company business reorganization in terms of revenues and the thirteenth largest public company business reorganization in terms of assets. Delphi's non-U.S. subsidiaries are not chapter 11 debtors and continue their business operations without supervision from this Court.

6. The Company is a leading global technology innovator with significant engineering resources and technical competencies in a variety of disciplines, and is one of the largest global suppliers of vehicle electronics, transportation components, integrated systems and modules, and other electronic technology. The Company supplies products to nearly every major global automotive original equipment manufacturer.

7. Delphi was incorporated in Delaware in 1998 as a wholly-owned subsidiary of General Motors Corporation ("GM"). Prior to January 1, 1999, GM conducted the Company's

¹ The aggregated financial data used in this Application generally consists of consolidated information from Delphi and its worldwide subsidiaries and affiliates.

business through various divisions and subsidiaries. Effective January 1, 1999, the assets and liabilities of these divisions and subsidiaries were transferred to the Company in accordance with the terms of a Master Separation Agreement between Delphi and GM. In connection with these transactions, Delphi accelerated its evolution from a North American-based, captive automotive supplier to a global supplier of components, integrated systems, and modules for a wide range of customers and applications. Although GM is still the Company's single largest customer, today more than half of Delphi's revenue is generated from non-GM sources.

C. Events Leading To The Chapter 11 Filing

8. In the first two years following Delphi's separation from GM, the Company generated approximately \$2 billion in net income. Every year thereafter, however, with the exception of 2002, the Company has suffered losses. In calendar year 2004, the Company reported a net loss of approximately \$4.8 billion on \$28.6 billion in net sales.² Reflective of a continued downturn in the marketplace, in 2005 Delphi incurred net losses of approximately \$2.4 billion on net sales of \$26.9 billion. Moreover, in 2006, the Debtors incurred a net loss of \$5.5 billion, \$3.0 billion of which were charges related to the U.S. employee special attrition programs.

9. The Debtors believe that the Company's financial performance has deteriorated because of (a) increasingly unsustainable U.S. legacy liabilities and operational restrictions driven by collectively bargained agreements, including restrictions preventing the Debtors from exiting non-profitable, non-core operations, all of which have the effect of creating largely fixed labor costs, (b) a competitive U.S. vehicle production environment for domestic

² Reported net losses in calendar year 2004 reflect a \$4.1 billion tax charge, primarily related to the recording of a valuation allowance on the U.S. deferred tax assets as of December 31, 2004. The Company's net operating loss in calendar year 2004 was \$482 million.

OEMs resulting in the reduced number of motor vehicles that GM produces annually in the United States and related pricing pressures, and (c) increasing commodity prices.

10. In light of these factors, the Company determined that it would be imprudent and irresponsible to defer addressing and resolving its U.S. legacy liabilities, product portfolio, operational issues, and forward-looking revenue requirements. Because discussions with its major unions and GM had not progressed sufficiently by the end of the third quarter of 2005, the Company commenced these chapter 11 cases for its U.S. businesses to complete the Debtors' transformation plan and preserve value for its stakeholders.

D. The Debtors' Transformation Plan

11. On March 31, 2006, the Company outlined five key tenets of its transformation plan. First, Delphi must modify its labor agreements to create a competitive arena in which to conduct business. Second, the Debtors must conclude their negotiations with GM to finalize GM's financial support for the Debtors' legacy and labor costs and to ascertain GM's business commitment to the Company. Third, the Debtors must streamline their product portfolio to capitalize on their world-class technology and market strengths and make the necessary manufacturing alignment with their new focus. Fourth, the Debtors must transform their salaried workforce to ensure that the Company's organizational and cost structure is competitive and aligned with its product portfolio and manufacturing footprint.³ Finally, the Debtors must devise a workable solution to their current pension situation.

³ As part of this effort, effective July 1, 2006, the Company realigned its business operations to focus its product portfolio on core technologies for which the Company believes it has significant competitive and technological advantages. The Company's revised operating structure consists of its four core business segments: Electronics and Safety, Thermal Systems, Powertrain Systems, and Electrical/Electronic Architecture. The Company also has two additional segments, Steering and Automotive Holdings Group, which will be transitioned as part of the Company's transformation plan.

12. On December 18, 2006, the Debtors marked another milestone in their chapter 11 cases with the announcement of two significant agreements. The first of these was an equity purchase and commitment agreement (the "Equity Purchase and Commitment Agreement") with affiliates of Appaloosa Management L.P., Cerberus Capital Management, L.P., and Harbinger Capital Partners Master Fund I, Ltd., as well as Merrill Lynch & Co. and UBS Securities LLC (collectively, the "Plan Investors"). Under the Equity Purchase and Commitment Agreement, the Plan Investors have agreed to invest up to \$3.4 billion in preferred and common equity in the reorganized Delphi to support the Debtors' transformation plan. (The Equity Purchase and Commitment Agreement is subject to the completion of due diligence, satisfaction or waiver of numerous other conditions (including Delphi's achievement of consensual agreements with its principal U.S. labor unions and GM), and the non-exercise by either Delphi or the Plan Investors of certain termination rights.) The second agreement was a plan framework support agreement (the "Plan Framework Support Agreement") with the Plan Investors and GM. The Plan Framework Support Agreement outlines certain proposed terms of the Debtors' anticipated plan of reorganization, including the distributions to be made to creditors and shareholders, the treatment of GM's claims, the resolution of certain pension funding issues, and the corporate governance of the reorganized Debtors. The terms of the Plan Framework Support Agreement are expressly conditioned on the Debtors' reaching consensual agreements with their U.S. labor unions and GM.

13. On January 12, 2007, this Court authorized the Debtors to execute, deliver, and implement the Equity Purchase and Commitment Agreement and the Plan Framework Support Agreement (Docket No. 6589). Although much remains to be accomplished in the Debtors' reorganization cases, the Debtors and their stakeholders are together navigating a course

that should lead to a consensual resolution with their U.S. labor unions and GM while providing an acceptable financial recovery framework for the Debtors' stakeholders.

14. Upon the conclusion of the reorganization process, the Debtors expect to emerge as a stronger, more financially sound business with viable U.S. operations that are well-positioned to advance global enterprise objectives. In the meantime, Delphi will marshal all of its resources to continue to deliver high-quality products to its customers globally. Additionally, the Company will preserve and continue the strategic growth of its non-U.S. operations and maintain its prominence as the world's premier auto supplier.

The Prior Applications

15. On February 15, 2006, the Debtors filed the Original Application pursuant to the terms of certain engagement letters, by and between the Debtors and KPMG, each as described and defined therein (the "Original Engagement Letters").

16. On March 3, 2006, this Court entered an order approving the Original Application pursuant to the terms of the Original Engagement Letters, effective nunc pro tunc to October 8, 2005 (the "Original Retention Order"). Pursuant to the Original Retention Order the Debtors were authorized to retain KPMG to provide (i) international tax process improvement assistance, (ii) certain tax consulting services, (iii) international executive services provided to the Debtors and their expatriates, and (iv) acquisition and due diligence services.

17. On April 20, 2006, the Debtors filed the First Supplemental Application pursuant to the terms of certain engagement letters, by and between the Debtors and KPMG, each as described and defined therein (the "First Supplemental Engagement Letters").

18. On May 2, 2006, this Court entered an order approving the First Supplemental Application pursuant to the terms of the First Supplemental Engagement Letters (the "First Supplemental Retention Order"). Pursuant to the First Supplemental Retention Order

the Debtors were authorized to retain KPMG to (i) provide advisory and valuation services, (ii) continue to provide tax advisory services, and (iii) provide additional international executive tax services to the Debtors and their expatriates.

19. On November 10, 2006, the Debtors filed the Second Supplemental Application pursuant to the terms of certain engagement letters, by and between the Debtors and KPMG, each as described and defined therein (the "Second Supplemental Engagement Letters").

20. On December 6, 2006, this Court entered an order approving the Second Supplemental Application pursuant to the terms of the Second Supplemental Engagement Letters (the "Second Supplemental Retention Order"). In accordance with the Second Supplemental Retention Order the Debtors were authorized to retain KPMG to provide the Debtors with (i) certain improvements to the international tax reporting package and processes, (ii) certain internal reporting initiatives, (iii) a certain special investigation, (iv) certain transfer pricing services, (v) certain improvements to the financial close, consolidation, and management reporting processes, and (vi) certain additional services.

Relief Requested

21. By this Third Supplemental Application, the Debtors respectfully request entry of an order under sections 327(a), 328(a), and 1107(b) of the Bankruptcy Code and Bankruptcy Rule 2014, authorizing employment and retention of KPMG to (i) enter into the Master Agreement, a copy of which is attached as Exhibit A to the Silberg Declaration, effective nunc pro tunc to February 9, 2007, (ii) continue to provide the Debtors with the Global Mobility Services, effective nunc pro tunc to February 9, 2007, pursuant to the terms and conditions set forth in (a) the Master Agreement and (b) the applicable Statement of Work for the Global Mobility Advisory Services (the "Global Mobility SOW"), a copy of which is attached to the

Silberg Declaration as Exhibit B, (iii) continue to provide the Debtors with the Tax Consulting Services, effective nunc pro tunc to February 9, 2007, pursuant to the terms and conditions set forth in (a) the Master Agreement and (b) the applicable Statement of Work for the Tax Consulting Services (the "Tax Consulting SOW"), a copy of which is attached to the Silberg Declaration as Exhibit C, (iv) continue to provide the Debtors with International Assignment Services, effective nunc pro tunc to January 31, 2007, pursuant to the terms and conditions set forth in (a) the Master Agreement and (b) the applicable Statement of Work for the International Assignment Services (the "International Assignment SOW"), a copy of which is attached to the Silberg Declaration as Exhibit D, (v) provide the Debtors with Fresh Start Services, effective nunc pro tunc to November 16, 2006, pursuant to the terms and conditions set forth in (a) the Master Agreement and (b) the applicable Statement of Work for the Fresh Start Services, a copy of which is attached to the Silberg Declaration as Exhibit E (the "Fresh Start SOW," and collectively with the International Assignment SOW, the Tax Consulting SOW, and the Global Mobility SOW, the "SOWs"), and (vi) provide the Debtors with certain Additional Services.

22. The Debtors believe that they will continue to require the services provided by KPMG and request for KPMG to render Professional Services to the Debtors which will include the renewal and extension of existing services, additional phase services under existing engagements, and additional services under future statements of work between the Debtors and KPMG in accordance with the Master Agreement. Accordingly, the Debtors are hereby seeking authority to retain KPMG to complete the projects described in the SOWs filed herewith and to execute additional statements of work without further Court approval. The additional statements of work will contain indemnity and limitations on liability provisions on terms that will be no less favorable to the Debtors than those set forth in the Master Agreement. The Debtors submit

that this arrangement is far more beneficial to and conservative of estate resources than would be the case if each engagement between the Debtors and KPMG required a lengthy and expensive retention application. Moreover, no bankruptcy policies should be offended because such arrangement does nothing to effect the administration of these chapter 11 cases.

23. The Second Supplemental Retention Order provides that no Court approval is required for any "Additional Services." According to the Second Supplemental Application, "Additional Services" constitute those that are (i) a renewal and extension of services approved to be provided by KPMG under the Prior Applications or (ii) services of a nature consistent with the services covered in Prior Applications. The Debtors believe that all of the services described in the SOWs are "Additional Services" under the Second Supplemental Retention Order because they constitute either renewal and extension of services approved to be provided by KPMG under the Prior Applications or services of a nature consistent with the services covered in Prior Applications. Out of abundance of caution, however, and because the SOWs were executed pursuant to the Master Agreement, the Debtors hereby request authorization for KPMG to provide such services.

If and when additional information becomes available with respect to any other relationships which may exist between KPMG, KPMG Member Firms (as defined in the Original Affidavit), or their partners and professionals and the Debtors, creditors, or any other parties-in-interest which may affect these chapter 11 cases, supplemental affidavits describing such information will be filed with this Court.

32. In accordance with section 504 of the Bankruptcy Code, I hereby state that there is no agreement or understanding between KPMG and any other entity, other than a member, partner, or regular associate of KPMG for the sharing of compensation received or to be received for services rendered under the Master Agreement and the SOWs.

EXHIBIT A

MASTER PROFESSIONAL SERVICES AGREEMENT

This is a MASTER PROFESSIONAL SERVICES AGREEMENT, dated as of February 9, 2007 (this "Agreement"), between KPMG LLP, a Delaware registered limited liability partnership ("KPMG"), and Delphi Corporation, a Delaware corporation ("Delphi"), each a Party, and together Parties, to this Agreement.

Background

KPMG and Delphi desire to establish a contract pursuant to which Delphi may, from time to time, obtain from KPMG, and KPMG may provide to Delphi, certain professional Services (as defined in Section 1(a)), all on the terms and subject to the conditions set forth in this Agreement and in the applicable statement of work ("SOW").

Terms and Conditions

In consideration of the premises and of the mutual covenants and agreements contained herein, and intending to be legally bound, the Parties hereby agree as follows:

1. Services.

(a) This Agreement establishes the standard terms and conditions pursuant to which KPMG may provide to Delphi certain professional services (the "Services"), as may be performed or agreed upon from time to time in writing in an SOW. Notwithstanding anything herein to the contrary, the Services shall not include (i) the provision of expert testimony on behalf of Delphi (which would be subject to a separate engagement) or (ii) any service that would require KPMG to maintain independence from Delphi in accordance with then current applicable law, rule or regulation of any governmental entity or professional organization. Unless expressly set forth in a Statement of Work with respect to tax services, the Services do not include representing Delphi in the event of a challenge by the United States Internal Revenue Service (the "IRS") or other tax or revenue authorities. An executed SOW, attached and incorporated into a Delphi purchase order, may expressly identify and amend terms and conditions in this Agreement, or list special terms and conditions, effective for that SOW only. Unless modified by provisions contained in an SOW, the terms and conditions in this Agreement are incorporated into and made part of each SOW. To the extent of any express conflict or inconsistency between the terms and conditions of an SOW and the terms and conditions of this Agreement, the terms and conditions of the SOW will control.

(b) An SOW shall contain the following, as applicable: (i) the term or period of time during which KPMG will perform the Services, provide resources or otherwise perform its obligations as specified in the SOW; (ii) a description of the obligations of, and Services to be performed by, KPMG; (iii) a description of Delphi's responsibilities related to the SOW,

including any facilities, equipment, personnel and tasks or other support to be provided or performed by Delphi; (iv) KPMG's fees and expenses under the SOW, or, if applicable, the basis on which such fees and expenses will be computed; (v) any provision limiting the liability of either Party other than, or in addition to, those provision set forth herein, and (vi) any other terms and conditions appropriate to the Services to be performed and the obligations of the Parties under that SOW. Forms of Statements of Work are attached hereto as Attachment A.

(c) Subsequent to the completion of the Services under an SOW, KPMG will not update its advice, recommendations or work product for changes or modification to the law and regulations, or to the judicial and administrative interpretations thereof, or for subsequent events or transactions, unless Delphi separately engages KPMG to do so in writing after such changes or modifications, interpretations, events or transactions.

2. Term.

The term of this Agreement shall commence as of February 9, 2007, and shall continue until December 31, 2007, whereupon Delphi and KPMG may agree to extend the Agreement for successive one (1) year periods. Each SOW shall become effective as of the date of the commencement of the Services or, if earlier, the date of execution of such SOW. Each SOW executed by the Parties prior to the effective date of a termination (as provided for in Section 7) shall remain in full force and effect in accordance with its terms, including the terms and conditions of this Agreement until completion of the Services to be provided thereunder or termination of the applicable SOW. If KPMG commenced the performance of the Services prior to the execution of this Agreement, this Agreement shall be effective as of the commencement of such Services and shall cover such Services unless the performance of such Services are governed by an existing executed agreement. The Parties agree that any such existing executed agreements shall be converted to SOWs within ninety (90) days of the execution of this Agreement, unless the services under such existing executed agreements have been completed by such date.

3. Fees, Expenses and Taxes.

(a) In addition to professional fees outlined in the applicable SOW, KPMG will also bill Delphi for pre-approved reasonable and necessary out-of-pocket and travel expenses according to the guidelines set forth in Exhibit A: Delphi Travel and Expense Reimbursement Policy for Contractors; provided, however, that instead of submitting all expenses on Delphi expense vouchers, KPMG shall account for such expenses within KPMG's normal expense reimbursement system. An SOW may set forth certain expenses or an amount applicable to certain expenses or exceptions to the Delphi travel policy referred to above, which shall serve a Delphi's pre-approval for KPMG to incur such expenses. Delphi may elect to have KPMG book travel through Delphi. Delphi acknowledges that where KPMG is reimbursed for expenses, it is KPMG's policy to bill clients the amount incurred at the time the good or service is purchased and that if KPMG subsequently receives a volume rebate or other incentive payment from a vendor relating to such expenses, KPMG does not credit such payment to Client and that KPMG instead applies such payments to reduce its overhead costs, which costs

are taken into account in determining KPMG's standard billing rates and certain transaction charges that may be charged to clients.

(b) Delphi shall pay for all taxes, other than withholding taxes and taxes based on or measured by KPMG's or KPMG's personnel's net income, including any interest and penalties from any related deficiency if due to an act by Delphi and not that of KPMG, in connection with this Agreement, including any sales, use, excise, value-added, services, consumption, and other taxes and duties assessed on the provision of Services by KPMG to Delphi or on KPMG's charges to Delphi under this Agreement including the reimbursement of expenses, so long as such taxes are listed in the applicable invoice. The parties shall cooperate in good faith to minimize such tax liabilities to the extent legally permissible.

4. Invoices.

Unless otherwise provided in an SOW, KPMG will submit an invoice to Delphi at the end of every month for all hours of service provided to Delphi by KPMG, together with all expenses incurred by KPMG, during the preceding month period. The invoices shall be in the form and contain all information required by the rules and procedures of the United States Bankruptcy Court for the Southern District of New York. Each such invoice shall be due and payable pursuant to Delphi's Multilateral Netting System ("MNS-2"), which provides, on average, that payment shall be on the second day of the second month following the date of the invoice, recognizing that the rules and procedures of the United States Bankruptcy Court for the Southern District of New York will apply. In no event shall Delphi pay KPMG interest or other late charges on any fees due under this Agreement.

5. Client Responsibilities.

(a) Delphi shall provide or arrange to provide KPMG with all information relevant to the Services and any reasonable assistance as may be required to properly perform the Services, including without limitation timely access to and use of Delphi's personnel, facilities, equipment, data and information to the extent necessary for KPMG to perform the Services. Unless otherwise indicated, Delphi represents and warrants to KPMG that all such information will be accurate and complete in all material respects, to the best of Delphi's knowledge. Delphi acknowledges and agrees that KPMG may, in performing certain aspects of the Services, base its conclusions on the facts and assumptions that Delphi furnishes and that KPMG may use data, material, and other information furnished by or at the request or direction of Delphi without any independent investigation or verification and that KPMG shall be entitled to rely upon the accuracy and completeness of such data, material and other information. Inaccuracy or incompleteness of such data, material and other information furnished to KPMG could have a material effect on KPMG's conclusions. The overall definition and scope of the work to be performed, and the adequacy of such definition and scope in addressing Delphi's needs, is Delphi's responsibility. Delphi shall perform all management functions and make all management decisions in connection with the Services, and shall assign competent individuals to oversee the Services. Delphi is also responsible for the implementation of actions identified in the course of this engagement and results achieved from using any Services or Deliverables as defined in Section 6(a) below.

(b) Each Party shall use commercially reasonable procedures to check for the then most commonly known viruses and to check the integrity of data before sending information to the other electronically, but each Party recognizes that such procedures cannot be a guarantee that transmissions will be virus free. It remains the responsibility of the Party receiving an electronic communication from the other to carry out a virus check on any attachments before launching any documents whether received on disk or otherwise.

(c) Neither Party shall be responsible for any delay, cost increase or other consequences due to the other Party's failure to perform any of its obligations under this Agreement or an SOW or otherwise due to factors beyond its reasonable control. Each Party will use commercially reasonable efforts to mitigate such costs or expenses. Any deadline that is affected by the other party's default shall be extended by a reasonable amount of time provided that the non-defaulting party has provided timely communication to the defaulting party.

6. Deliverables.

(a) Ownership. KPMG shall own any general skills, know-how, expertise, ideas, concepts, methods, techniques, processes, software, materials or other intellectual property or information which may have been discovered, created, developed or derived by KPMG either prior to or as a result of its provision of Services under this Agreement ("KPMG Materials"). Subject to the restrictions in this Agreement, Delphi will own all tangible written material originally prepared expressly for Delphi and delivered to Delphi under this Agreement (the "Deliverables"), excluding any KPMG Materials contained or embodied therein. KPMG's working papers and KPMG's Confidential Information (as defined in Section 9(a)) belong exclusively to KPMG; provided, however, KPMG shall provide a copy of such working papers to Delphi after consultation and agreement with Delphi. Delphi will have a non-exclusive, non-transferable license to use KPMG Materials for Delphi's own internal use and only for the purposes for which they are delivered to the extent that they form part of the Deliverables.

(b) Use of Deliverables. Except as otherwise expressly stated in the applicable SOW, all Deliverables are solely for Delphi's internal use and benefit. Delphi shall not authorize any third party ("Third Party") to rely upon any of the Deliverables except as set forth in an SOW or, if not set forth in an SOW, without KPMG's prior written consent. Except that Deliverables may be disclosed to (i) taxing authorities, (ii) an accounting firm providing attest services to Delphi (solely to the extent necessary for the performance of such attest services), and (iii) as set forth in this Section 9(b) or (iv) as set forth in an SOW; Delphi shall not distribute to, discuss with, or otherwise disclose the Deliverables to any Third Party without KPMG's prior written consent. Oral or preliminary information, drafts or advice given by KPMG may not be relied upon or attributed to KPMG unless KPMG specifically confirms such information or advice or otherwise reduces such draft to a final writing.

7. Termination.

(a) Either Party may terminate this Agreement or any SOW under this Agreement in the event of a material breach of this Agreement that is not cured within thirty (30) days after

receipt of written notice of such breach. Unless otherwise provided in the applicable SOW, Delphi may terminate this Agreement or any SOW for convenience at any time upon thirty (30) days prior written notice. KPMG may terminate any SOW for convenience at any time upon thirty (30) days notice to Delphi in the event of any change in law, rule, regulation or professional standards that would cause the continued provision of the services under such SOW by KPMG to violate such law, rule, regulation or professional standards or in the event of a sale by KPMG of the practice providing the services under such SOW if Delphi elects not to consent to an assignment to the party acquiring such practice from KPMG. In the event of Delphi termination for breach by KPMG, Delphi shall be responsible for fees earned and expenses incurred only up to the date of written notice to KPMG of the breach. In the event of other termination by Delphi or termination by KPMG for breach by Delphi, Delphi will be responsible for fees earned and expenses incurred through the actual date of termination. In the event of termination by mutual agreement, the Parties shall jointly determine the fees due or to be refunded.

(b) KPMG may also resign from performing all or any portion of the Services and terminating this Agreement and/or any SOW immediately upon written notice in the event that circumstances arise that would make continuation of all or any portion of the Services by KPMG in conflict with any independence or other professional regulations, standards or guidelines to which KPMG conforms. If Delphi is or becomes an SEC registrant audit client of KPMG and the Services performed and/or Deliverables provided under a particular SOW will be relied upon by the KPMG audit team, the limitation of liability and Delphi's obligation to indemnify under this Agreement will not apply to such Services and/or Deliverables.

8. Warranty.

KPMG warrants that it has the requisite power and authority to enter into and perform its obligations under this Agreement and each SOW. KPMG further warrants that the Services will be performed by qualified personnel. KPMG warrants that it will provide its non-tax-related Services in a manner consistent with the terms and conditions of this Agreement and in accordance with the applicable Standards for Consulting Services established by the American Institute of Certified Public Accountants ("AICPA") as well as any applicable standards (as agreed to between the Parties) of the Public Company Accounting Oversight Board ("PCAOB"). KPMG warrants that it will provide its tax services in a manner consistent with the terms and conditions of this Agreement and in accordance with the AICPA Statements on Standards for Tax Services and any applicable standards (as agreed to between the Parties) of the PCAOB. THE WARRANTIES IN THIS SECTION 8 AS WELL AS ANY EXPRESS WARRANTY IN ANY APPLICABLE SOW (BUT ONLY IF EXPRESSLY IDENTIFIED AS A "WARRANTY" IN SUCH SOW) ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED OR STATUTORY, OR WHETHER ARISING BY COURSE OF DEALING OR PERFORMANCE, CUSTOM, USAGE IN THE TRADE OR PROFESSION OR OTHERWISE, INCLUDING BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

9. Confidentiality.

(a) All data relating specifically to a Party's business and any other information which reasonably should be understood to be confidential in nature are confidential information of such Party. KPMG's proprietary software, tools, methodologies, techniques, ideas, discoveries, inventions, know-how and any other information which reasonably should be understood to be confidential to KPMG are confidential information of KPMG. Delphi confidential information and KPMG confidential information are collectively referred to as "Confidential Information." Each Party shall use Confidential Information of the other Party only in furtherance of the purposes of this Agreement and shall not disclose such Confidential Information to any third party without the other Party's prior written consent. Each Party agrees to take reasonable measures to protect the confidentiality of the other Party's Confidential Information and to advise its employees of the confidential nature of the Confidential Information and of the confidentiality provisions and use prohibitions herein.

(b) Notwithstanding any terms or conditions in this Agreement to the contrary, no conditions of confidentiality within the meaning of Internal Revenue Code §6111(d) or U.S. Treasury Regulations §1.6011-4 are intended, and Delphi (and each employee, representative, or other agent of Delphi) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of any transaction and all materials of any kind (including opinions or other tax analysis) that are provided to Delphi relating to such tax treatment and tax structure, subject to the limitations set forth in the following sentence. In the event that a Deliverable includes discussion of such tax treatment or tax structure, disclosure of the Deliverable will be limited solely to the section or sections discussing the tax treatment or tax structure; all other information in the Deliverable unrelated to the tax treatment or tax structure remains subject to the restrictions set forth in Section 9(a) and all references to "KPMG" and all branding and other identifiers of KPMG shall be redacted from the tax treatment and tax structure portions of such Deliverable, and/or shall otherwise not be distributed to any other third party, except as may be expressly provided for in this Agreement. This Section 9(b)) is effective as of the commencement of any discussions the Parties may have had regarding any transaction related to any Services.

(c) Notwithstanding anything to the contrary contained in this Agreement, neither Party shall be obligated to treat as confidential any information disclosed by the other Party (the "Disclosing Party") which: (i) is rightfully known to the recipient prior to its disclosure by the Disclosing Party except that which was disclosed under a prior confidentiality agreement between the Parties; (ii) is released by the Disclosing Party to any other person or entity (including governmental agencies) without restriction; (iii) is independently developed by the recipient without any use of or reliance on Confidential Information; or (iv) is or later becomes publicly available without violation of this Agreement or may be lawfully obtained by a Party from any nonparty. Notwithstanding the foregoing, either Party may disclose Confidential Information of the other to a third party as may be required by law, statute, rule or regulation, including any subpoena or other similar form of process, or by the standards of the AICPA or other professional self-regulatory authority, provided that (and without breaching any legal or

regulatory requirement) the Party to which the request is made provides the other Party with prompt written notice thereof and, if practicable under the circumstances, allows the other Party to seek a restraining order or other appropriate relief. Subject to KPMG's confidentiality obligations in this Agreement, nothing herein shall preclude or limit KPMG from providing services similar to the Services to other KPMG clients.

(d) The provisions of this Section 9 shall survive the termination or expiration of this Agreement.

10. Indemnification.

(a) Subject to the provisions hereof, each Party shall indemnify, defend and hold harmless the other from and against any and all amounts payable under any judgment, verdict, court order or settlement for death or bodily injury or the damage to or loss or destruction of any real or tangible personal property, but only to the extent the foregoing arise out of the indemnitor's gross negligence or intentional misconduct in the performance of this Agreement.

(b) KPMG agrees to indemnify, defend and hold harmless Delphi from and against any and all amounts payable under any judgment, verdict, court order or settlement for Third Party claims of infringement or misappropriation of any trade secrets, copyrights, trademarks, trade names or other intellectual property rights alleged to have occurred and arising from the Deliverables. Should Delphi's use of such Deliverables be determined to have infringed, or if, in KPMG's judgment, such use is likely to be infringing, KPMG may, at its option: (i) procure for Delphi the right to continue using such Deliverables provided, or (ii) replace or modify them to make their use non-infringing while yielding substantially equivalent results. If neither of the above options are or would be available on a basis that KPMG finds commercially reasonable, then, KPMG may terminate this Agreement, Delphi shall return such Deliverables provided to KPMG and KPMG will refund to Delphi the fees paid for the Deliverables provided. This infringement indemnity does not cover claims to the extent arising from: (1) the combination of such Deliverables with products or services not provided by KPMG; (2) the modification of such Deliverables by any person, other than KPMG; (3) Deliverables complying with or based upon: (A) designs provided by or at the direction of Delphi or (B) specifications or other information provided by or at the direction of Delphi; or (4) use of systems, materials or work performed in a manner not permitted or contemplated hereunder or by another obligation of Delphi to KPMG.

11. Limitation of Liability.

(a) KPMG is the US member firm of the global network of KPMG International (exclusive of KPMG, the "KPMG Member Firms"). In the course of providing the Services and/or Deliverables hereunder, KPMG, may, in its discretion, draw on the resources of and subcontract to other KPMG Member Firms. Delphi agrees that KPMG may provide any information KPMG receives in connection with this engagement to other KPMG Member Firms for the purpose of providing the Services and/or for internal administrative and regulatory compliance purposes. The provision of Services and/or Deliverables will remain the

responsibility of KPMG. Delphi agrees that in relation to the Services and this Agreement, its relationship is solely with KPMG. Delphi further agrees that no KPMG Member Firms, nor the partners, principals or employees of KPMG or the KPMG Member Firms (together the "Beneficiaries"), who perform work in connection with the Services and/or Deliverables will have any liability to Delphi in connection with the Services or this Agreement. Delphi therefore agrees to bring any claim under this Agreement against KPMG and not to bring a claim of any nature against any such KPMG Member Firm relating to the Services, Deliverables or this Agreement except where such a claim cannot be excluded by law.

(b) The provisions of this Agreement and any SOWs relating to the Beneficiaries have been stipulated by KPMG expressly for their benefit. Delphi agrees that each of the Beneficiaries shall have the right to rely on said provisions as if they were Parties to this Agreement. Delphi likewise agrees on behalf of all of its business operations in which Delphi has a direct or indirect controlling interest and that are receiving Services or Benefits of Services under this Agreement ("Service Recipients"), that they are bound by these provisions as if they were Parties to this Agreement. Without limiting any other indemnification provision set forth in this Agreement, Delphi agrees to indemnify and hold harmless KPMG and the Beneficiaries from and against any claim that is asserted by any Service Recipient other than Delphi arising out of or relating to the Services and/or Deliverables provided under this Agreement, and all liabilities, costs, damages and expenses imposed or incurred in connection therewith, including reasonable attorneys' fees.

(c) Each SOW shall include a provision setting forth any applicable limitation of liability. The parties acknowledge and agree that no SOW shall be valid unless it contains such a provision. In addition, neither party will be liable in any event for lost profits or any consequential, indirect, punitive, exemplary or special damages. Further, KPMG shall have no liability to Delphi arising from or relating to any third party hardware, software, information or materials supplied by Delphi

(d) KPMG accepts no liability to third parties other than Service Recipients with respect to the Services and Deliverables. Delphi agrees (without limiting any other indemnification provision set forth in this Agreement) to indemnify and hold KPMG and the Beneficiaries (as defined in Section 11(a)) harmless from and against any and all Third Party claims, suits and actions, and all associated damages, settlements, losses, liabilities, costs, and expenses, including without limitation reasonable attorneys fees, arising from or relating to the Services and/or Deliverables under this Agreement, except to the extent finally determined to have resulted from KPMG's own bad-faith, self-dealing, breach of fiduciary duty (if any), gross negligence or willful or intentional misconduct relating to such Services and/or Deliverables.

12. Changes; Additional Services.

KPMG will not be responsible for work that is beyond the scope of Services set forth in this Agreement or the applicable SOW. Either Party may request changes to the Services. Changes must be agreed between the Parties and may be subject to reasonable adjustments to fees and schedules. Changes to an SOW that amount to the provision of additional Services,

rather than adjustments to the Services already agreed, must be in writing and signed by both Parties.

13. Subcontracts.

KPMG may subcontract any of the Services hereunder, with written approval of Delphi, provided that KPMG shall be responsible for the fulfillment of its obligations hereunder. For purposes of this section, KPMG Member Firms outside of the US are not considered subcontractors. Notwithstanding anything to the contrary in this Agreement, KPMG may disclose Delphi's Confidential Information to such approved subcontractors involved in the provision of the Services.

14. Engagement Limitations Applicable to All Services.

(a) The Services do not include the provision of legal advice and KPMG makes no representations regarding questions of legal interpretation. Delphi should consult with its attorneys with respect to any legal matters or items that require legal interpretation, under federal, state or other type of law or regulation. Changes in the law and/or its interpretation may take place before KPMG's advice is acted upon, or may be retrospective in effect; KPMG accepts no responsibility for changes in the law or its interpretation which may occur after the provision of the Services. Without limiting the generality of the foregoing, Delphi acknowledges that tax laws and regulations are subject to change at any time, and such changes may be retroactive in effect and may be applicable to advice given or other Services rendered before their effective dates. KPMG does not assume responsibility (and will have no liability) for such changes occurring after the date it has completed its Services under a particular SOW.

(b) KPMG will provide no opinion, attestation or other form of assurance with respect to its work or the information upon which its work is based. The procedures KPMG will be performing under this Agreement will not constitute an examination or a review in accordance with generally accepted auditing standards or attestation standards. KPMG will not audit or otherwise verify the information supplied to it in connection with any engagement under this Agreement, from whatever source, except as may be specified in the applicable SOW.

(c) KPMG has not been engaged to, nor will KPMG provide any management functions or make management decisions for Delphi under this Agreement. It is Delphi's responsibility to establish and maintain its internal controls. In addition, it is Delphi's responsibility to determine the procedures deemed necessary in connection with its compliance with the provisions of the Sarbanes-Oxley Act of 2002 (the "Act") and related SEC rules, to execute those procedures and to assess the results of its procedures and the adequacy thereof. KPMG provides no opinion or other form of assurance with respect to Delphi's compliance with the Act, related SEC rules, or Delphi's procedures. KPMG makes no representation as to the sufficiency of Delphi's procedures for its own purposes. The Services should not be taken to supplant inquiries and procedures that Delphi should undertake for purposes of obtaining and using the information necessary in connection with Delphi's compliance with the provisions of the Act and related SEC rules.

(d) Except as otherwise set forth in the applicable SOW, Delphi acknowledges that completion of the Services under an SOW or acceptance of the Deliverables thereunder will not constitute a basis for Delphi's assessment or evaluation of internal control over financial reporting and disclosure controls and procedures, or its compliance with its principal officer certification requirements under Section 302 of the Sarbanes-Oxley Act of 2002 (the "Act"). The Services under an SOW shall not be construed to support Delphi's responsibilities under Section 404 of the Act requiring each annual report filed under Section 13(a) or 15(d) of the Securities Exchange Act of 1934 to contain an internal control report from management.

(e) KPMG may communicate with Delphi by electronic mail or otherwise transmit documents in electronic form during the course of providing Services under this Agreement. Delphi accepts the inherent risks of these forms of communication (including the security risks of interception of or unauthorized access to such communications, the risks of corruption of such communications and the risks of viruses or other harmful devices) and agrees that it may rely only upon a final hardcopy version of a document or other communication that KPMG transmits to Delphi unless no such hardcopy is submitted by KPMG to Delphi.

(f) Delphi acknowledges that certain of KPMG's personnel who may be considered "owners" under the California Accountancy Act and implementing regulations (California Business and Professions Code section 5079(a); 16 Cal. Code Regs. sections 51 and 51.1) and who may provide Services under an SOW may not be licensed as certified public accountants under the laws of any of the various states.

15. General.

(a) KPMG, in furnishing Services to Delphi, is acting only as an independent contractor and is not acting as a fiduciary of Delphi. KPMG does not undertake to perform any obligation of Delphi, whether regulatory or contractual, or to assume any responsibility for Delphi's business or operations. KPMG has the sole right and obligation to supervise, manage, contract, direct, procure, perform or cause to be performed all work to be performed by KPMG, except as otherwise provided in this Agreement or any SOW. KPMG accepts full and exclusive liability for the payment of all employer contributions and taxes measured by the remuneration paid to KPMG employees as required by all applicable United States federal, state and local laws, rules and regulations.

(b) This Agreement may only be amended by written agreement signed by a duly authorized representative of each Party.

(c) THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED, INTERPRETED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE OF MICHIGAN, WITHOUT GIVING EFFECT TO THE PROVISIONS RELATING TO CONFLICT OF LAWS.

(d) In the unlikely event that differences concerning our services or fees should arise that are not resolved by mutual agreement, to facilitate judicial resolution and save time and expense of both parties, Delphi and KPMG agree not to demand a trial by jury in any action,

proceeding or counterclaim arising out of or relating to our services and fees for this engagement.

(e) Any controversy or claim with respect to, in connection with, arising out of, or in any way related to, this Agreement or the Services provided hereunder (including any such matter involving any parent, subsidiary, affiliate, successor in interest or agent of Delphi or KPMG) shall be brought in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court"), or the District Court if such District Court withdraws the reference, and the parties to this Agreement, and any and all successors and assigns thereof, consent to the jurisdiction and venue of such court as the sole exclusive forum (unless such court does not have jurisdiction and venue of such claims or controversies) for the resolution of such claims, causes of action or lawsuits. If the Bankruptcy Court, or the District Court upon withdrawal of the reference, does not have or retain jurisdiction over the foregoing claims or controversies, the parties to this Agreement and any and all successors and assigns thereof agree that the forum and venue for any legal or equitable action or proceeding arising out of, or in connection with, this Agreement will lie in the appropriate federal or state courts in the State of Michigan and specifically waives any and all objections to such jurisdiction and venue. The foregoing is binding upon Delphi, KPMG and any and all successors and assigns thereof. Notwithstanding the agreement to such procedures, either party may seek injunctive relief to enforce its rights with respect to the use or protection of (i) its confidential or proprietary information or material, (ii) its names, trademarks, service marks or logos and (iii) the enforcement of the notice provisions set forth in this Agreement.

(f) No delay or omission by either Party in exercising any right or power shall impair such right or power or be construed to be a waiver. A waiver by either Party of any of the covenants to be performed by the other or any breach thereof shall not be construed to be a waiver of any succeeding breach or of any other covenant. No waiver or discharge shall be valid unless in writing and signed by an authorized representative of the Party against whom such waiver or discharge is sought to be enforced.

(g) This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their permitted successors and assigns, and, except as expressly provided herein, nothing in this Agreement shall confer upon any other person or entity any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of this Agreement. Neither Party may, nor shall have the power to, assign or transfer this Agreement or any rights or obligations hereunder or claims arising hereunder, without the prior written consent of the other Party. Any attempt to assign or transfer this Agreement in violation of this subsection shall be void and of no force and effect.

(h) This Agreement and the applicable SOWs constitute the entire agreement between the Parties with respect to the Services and the rights and responsibilities of the Parties with respect to such applicable SOWs. Except as permitted by an SOW, neither Party shall publicize their relationship or the terms of this Agreement or any SOW or use the other Party's name or other trademarks or service marks in any advertisement or publication without the other Party's prior written approval except that KPMG may include Delphi's name on a client list; provided that such list does not specify the specific services provided by KPMG to Delphi.

(i) The provisions of this Agreement, which expressly or by implication are intended to survive its termination or expiration, will survive and continue to bind both Parties.

(j) If any provision of this Agreement is declared or found to be illegal, unenforceable or void, then both Parties shall be relieved of all obligations arising under such provision, but if the remainder of this Agreement shall not be affected by such declaration or finding and is capable of substantial performance, then each provision not so affected shall be enforced to the extent permitted by law.

(k) Except as expressly provided herein, all remedies provided for in this Agreement shall be cumulative and in addition to and not in lieu of any other remedies available to either Party at law, in equity or otherwise.

(l) Where agreement, approval, acceptance, consent or similar action by Delphi or KPMG is required, such action shall not be unreasonably delayed or withheld.

(m) (1) Headings in this Agreement are for convenience only. The headings shall not be used in interpreting this Agreement or any provision of it.

(n) Neither Party shall be liable to the other for any delay or failure to perform any of the Services or obligations set forth in this Agreement due to causes beyond its reasonable control.

(o) The engagement limitations set forth on Addendum A are incorporated by reference herein.

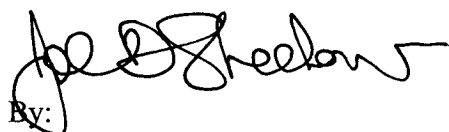

(p) All of KPMG's agents, employees, subcontractors and/or independent contractors furnished by KPMG to perform the Services (collectively, "Personnel") are and will remain KPMG's employees and/or independent contractors and, under no circumstances, will any Personnel furnished by KPMG be deemed to be Delphi's employees or agents. KPMG is solely responsible, at KPMG's sole cost and expense, for (i) the fulfillment of all obligations to Personnel, and (ii) the compliance by KPMG and personnel with Agreement and all laws, regulations, orders and other governmental requirements applicable to performance of the Services.

9(BALANCE OF THIS PAGE INTENTIONALLY BLANK)

(q) KPMG will assure that all Personnel who are performing Services on behalf of KPMG are competent to perform the Services. KPMG will require all Personnel who are performing any work on Delphi's premises to comply with all of Delphi's reasonable instructions, regulations and policies that have been provided to KPMG in writing in a timely manner. Delphi, in its sole discretion, has the right to: (i) bar any of Personnel from Delphi's premises for failure to observe Delphi's regulations or policies, (ii) require that KPMG promptly remove from Delphi's premises any Personnel who violate any of Delphi's regulations or policies, and (iii) require that KPMG cease using any Personnel to perform the Services who are reasonably unacceptable to Delphi. Delphi will confer with KPMG to discuss Delphi's concerns prior to requiring removal of any Personnel. KPMG will replace any barred or removed Personnel with Personnel reasonably acceptable to Delphi.

In witness whereof, each of the Parties has caused this Agreement to be executed on its behalf by its duly authorized representative as of the date first above written.

Exhibit A

**Delphi Travel and Per Diem Expense Reimbursement Policy for
Contractors**

A. If Contractor is required by Delphi to travel as an incidental requirement in performing services for Delphi, then such travel and per diem expenses, subject to prior written approval of Delphi, will be reimbursable as follows:

1. Air Travel Economy/Coach class only. Business class is permitted only upon prior written consent by Delphi.
2. Hotel Contractor will exercise good, sound business judgment and discretion in choosing hotels, such as moderately priced chain hotels or hotels that offer discounted corporate rates. Where extended travel is involved, reduced rates may be available and should be requested.
3. Rental Cars Compact or intermediate class only. The cost of collision damage waiver and personal accident insurance is the responsibility of Contractor.
4. Mileage Allowance Reimbursement will be at the then current IRS rate (currently \$0.44 per mile) for the miles which are in excess of his or her normal commute from home to work and back. When permanently assigned to another location, even if the new location is temporary, Contractor will not be reimbursed for excess miles, additional driving time, etc.
5. Expense Reports If requested, Contractor will provide receipts for all reimbursable expenses, including meals and other expenditures, in excess of \$25.00 or more.
6. Meals Meals will not be reimbursed for non-overnight trips, except in the case of late return occasioned by travel outside normal working hours. Reimbursement for meals will be the actual and reasonable expenses paid by Contractor.

7. Extended Travel Contractor should review the home visit policy prior to a trip. Generally, the following provisions apply:

If the travel expense is less than the living expense in the temporary location, Contractor will be reimbursed for travel to the permanent location every week.

If the travel expense is more than the living expense in the temporary location, Contractor will be reimbursed for travel to the permanent location every two weeks.

Excess expenses due to frequent travel or stays will not be reimbursed by Delphi without its prior written approval.

7. Miscellaneous When Contractor chooses an alternative method of transportation, e.g., to drive instead of fly, reimbursement, including meals and lodging, will not exceed the lesser of the two costs. Documentation to support the lesser cost must be attached to expense report. Travel time must also be limited if on working hours.

The employee, his or her immediate supervisor, and an authorized Delphi representative must sign the expense report form.

Contractor is responsible for travel reservations, hotel/motel accommodations and rental cars. If directed by Delphi, Contractor will make all travel arrangements through Global Experts in Travel, using a special account set up for such purposes.

Any cash advance by Contractor to its employee is the responsibility of Contractor.

8. Per Diem In certain instances, a per diem will be paid to Contractor in accordance with Delphi's standard per diem policy.

B. All travel and per diem for which Contractor seeks reimbursement will be submitted to Delphi on standard vouchers, with substantiating documentation, and will accompany the monthly invoices.

ADDENDUM A

1. Engagement Limitations Applicable to Tax Services.

(a) With regard to any tax Services provided pursuant to this Agreement, Delphi shall bring to KPMG's attention any matters that may reasonably be expected to require further consideration to determine the proper treatment of any relevant item and any changes in the information as originally presented as soon as such information becomes available. KPMG is not responsible (and shall not be liable) for any penalties assessed against Delphi as a result of Delphi's failure to provide KPMG with all the relevant information relative to the issue under consultation and Delphi agrees to reimburse KPMG for any penalties imposed on KPMG, its partners or staff, as the result of Delphi's failure to provide such information.

(b) Some of the tax matters on which KPMG may be asked to advise Delphi may have implications to other persons or entities. However, KPMG shall have no responsibility or liability to these persons or entities unless KPMG specifically is engaged to address these issues to such persons or entities, and KPMG expressly agrees to do so in an SOW.

(c) Tax jurisdictions may impose penalties for certain failures. Relative to the Services provided under the terms of this Agreement, KPMG will discuss with Delphi any tax positions of which KPMG is aware that KPMG believes may subject Delphi to penalties. KPMG will also discuss with Delphi possible courses of action related to the Delphi's tax return, where applicable, to avoid the imposition of any penalty (e.g., disclosure). KPMG will use its judgment in resolving questions where the tax law may be unclear, or where there are conflicts between taxing authorities' interpretations of the law and other supportable positions, and discuss them with Delphi. KPMG is not responsible for any penalties imposed for positions that have been discussed with Delphi where KPMG recommended a course of action to avoid penalties and Delphi elected not to pursue such course.

(d) US Treasury Regulation §1.6011-4 requires that taxpayers disclose to the IRS their participation in certain "reportable transactions." Delphi shall advise KPMG if it determines that any matter covered by this Agreement is a reportable transaction that is required to be disclosed under §1.6011-4. Similar Treasury regulations issued under Internal Revenue Code §6112 require that KPMG maintain lists of certain client engagements where it is a material advisor to clients that have participated in either a reportable transaction or a transaction that is required to be registered with the IRS as a tax shelter. If KPMG determines, after consultation with Delphi, that Delphi has participated in either a reportable transaction or one required to be registered under Internal Revenue Code §6111, KPMG will place Delphi's name and other required information on a list and will so advise Delphi. Sometime in the future the IRS may request KPMG's lists of reportable or §6011 transactions, and KPMG may be compelled to provide the IRS with the contents of its lists, including Delphi's name. KPMG will advise Delphi if it is ultimately required to provide Delphi's name to the IRS in connection with any matter covered by this Agreement.

2. Engagement Limitations Applicable to Transaction Services/Due Diligence Services.

(a) Where KPMG's work expressly includes consideration of prospective financial information, KPMG will comment on the bases and assumptions underlying the prospective financial information adopted as the case may be by Delphi or by the management of the company who is the subject of a due diligence investigation (the "Target Company"), but KPMG's work will not constitute an examination, compilation or agreed-upon procedures in accordance with standards established by the AICPA, and KPMG will not express any opinion or provide any assurance (in the sense in which "opinion" and "assurance" are used in the AICPA standards). Where KPMG comments on bases and assumptions underlying the prospective financial information, KPMG reports may include tables aggregating quantified vulnerabilities and sensitivities in order to illustrate effects of possible alternative assumptions. Those tables should not be regarded as a restatement of the Target's and/or management's prospective financial information, or preparation of revised prospective financial information; they are provided as a means of summarizing KPMG comments to assist Delphi in considering Delphi's implications for the transaction. It is Delphi's responsibility to consider KPMG comments and make Delphi's own decision based on the information available to the Delphi. Delphi must make its own decision about likely future profitability and the cash flows likely to be generated by the Target and Delphi understands that, with regard to illustrations of sensitivities that may be included in our Deliverables, there may be other, equally valid ways of assessing the sensitivities and possible outcomes. Delphi understands that our Deliverables are not prepared for the purposes of managing the Target's business and because events and circumstances frequently do not occur as expected, there will usually be differences between predicted and actual results, and those differences may be material. KPMG LLP is not responsible for developing the underlying assumptions of the prospective financial information and we take no responsibility and accept no liability for the achievement of predicted results.

(b) Except to the extent expressly agreed to the contrary in writing, where KPMG comments on use of Internet technologies in key business processes, KPMG does so as business advisors rather than as information technology specialists.

(c) Where the work expressly includes consideration of potential operational improvements, KPMG will comment on the Delphi and/or Target Company's view of such improvements. KPMG's comments will be provided solely in the light of our business experience of operational matters but will not be based on direct experience of Delphi's operations or the Target Company's operations, specific industry or commercial sector. KPMG's comments may not represent the optimal operational solution and there may be other, equally valid, views. Further, the results which can be achieved will depend upon the detailed circumstances at the time and on the way in which planned operational improvements are implemented. KPMG takes no responsibility for the achievement of potential operational improvements.

(d) KPMG assumes no responsibility and makes no representations with respect to the accuracy or completeness of information provided by any Target Company. KPMG will not provide assurance that matters of significance to the financial information or to Delphi's due diligence investigation will be disclosed. We have not been engaged to,

nor will we provide any management functions or make management decisions for Delphi. Further, KPMG's work is not designed to and is not likely to reveal fraud or misrepresentation by the management of a Target Company.

(e) Advice and comments that KPMG may provide in the course of a due diligence engagement regarding the accounting and tax treatment of a proposed transaction should not be viewed as a formal accounting or tax opinion of KPMG. If such opinions are desired and KPMG determines that such an opinion can be issued, the terms of an engagement to provide such an opinion will be subject to a separate SOW.

(f) Delphi acknowledges that KPMG may be asked to provide services to other Clients who may be in competition with Delphi or whose interests may conflict with Delphi's interests, or regarding the possible purchase or sale of a Target Company that may be in competition with Delphi or whose interests may conflict with Delphi's interests. Except as otherwise set forth in individual SOWs, KPMG will not be prevented or restricted by virtue of its relationship with Delphi under this Contract from providing services to other clients. Except as required by law or professional regulations, KPMG will maintain the information obtained during the course of each engagement it performs for Delphi confidentially in accordance with Section 9 of the Agreement.

3. Circular 230: Limitations.

(a) For Tax Services:

i. *Other Written Advice.* It is anticipated that the written advice KPMG provides during the course of this engagement will be Other Written Advice as defined by Treasury Circular 230. Accordingly, unless otherwise prohibited or KPMG agrees to issue a Covered Opinion as defined by Circular 230, KPMG written advice may include a disclosure stating that the advice was not intended or written to be used, and it cannot be used, for the purpose of avoiding tax penalties that may be imposed. KPMG advice will contain any other disclosures required by Circular 230.

ii. *Covered Opinion.* If expressly set forth in the applicable Statement of Work, or in the deliverable itself, KPMG's final written deliverable will be a Covered Opinion as defined by Circular 230. All other written advice provided prior to KPMG's final deliverable may include a disclosure stating that the advice was not intended or written to be used, and it cannot be used, for the purpose of avoiding tax penalties that may be imposed on the taxpayer. In the event Delphi does not proceed with the transaction that is the subject of KPMG's advice or proceeds with the transaction but choose not to receive a final deliverable from KPMG, Delphi may not rely on any of the advice provided by KPMG for the purpose of avoiding any penalties that the IRS may impose. To the extent Delphi is entitled to rely on KPMG's written advice for purposes of penalty protection, Delphi understands that such reliance will be limited to the issues expressly addressed, therein. KPMG's final deliverable may contain certain disclosures required by Circular 230.

(b) For Transaction Services/Due Diligence:

The Tax advice provided in KPMG reports or other forms of written communication relative to KPMG's due diligence work may be considered written tax advice subject to the rules of Treasury Circular 230. Accordingly, unless otherwise prohibited or agreed to with Delphi in advance to the contrary, such tax advice in any written form will constitute "Other Written Advice" as defined by Circular 230. Accordingly, tax information and/or advice provided in the report or other forms of written communication is not intended or written to be used, and it cannot be used, for the purpose of avoiding penalties that may be imposed on the taxpayer. In accordance with these regulations, KPMG's written communications will include a disclosure to this effect. Further, KPMG reports or other forms of written communication relating to the provision of due diligence services will not be written to support the promotion or marketing of this or any transaction or matters addressed in the report or other forms of written communication and should not be considered a Marketed Opinion under Circular 230.

4. Engagement Limitations Applicable to Dispute Analysis/Expert Witness Services.

(a) Delphi acknowledges that KPMG is a large firm who is engaged by new Clients every day throughout the United States. KPMG will undertake a reasonable review of its records to determine its professional relationships with any persons or entities Delphi identifies in connection with any dispute analysis and related expert witness engagement that KPMG undertakes for Delphi. KPMG will advise Delphi of any conflicts of interest of which KPMG becomes aware that would preclude KPMG from performing such work.

(b) KPMG may be engaged by parties adverse to Delphi to perform dispute analysis/expert witness services in litigation matters that are unrelated to any dispute analysis/expert witness services that KPMG may perform for Delphi under this Agreement. Delphi agrees not to use the fact of any current or previous KPMG engagement for expert witness services by opposing parties in other matters as a means of enhancing or diminishing KPMG's credibility in conjunction with any appearance before a trier of fact.

**Statement of Work ("SOW")
Between Delphi Corporation and KPMG LLP**

Project Name: Tax Consulting Services

This SOW is governed under the Master Professional Services Agreement (the "Agreement") dated as of February 9, 2007 between Delphi Corporation ("Delphi") and KPMG LLP, ("KPMG") and is fully incorporated therein. All terms used in this SOW and not otherwise defined will have the same meaning as in the Agreement.

I. PURPOSE AND SCOPE OF THIS SOW:

This SOW covers tax consulting services. This SOW confirms the understanding of the objectives, deliverables, timing, staffing and fees for this project/effort.

II. PARTIES' RESPONSIBILITIES UNDER THIS SOW

2.1 Services to be provided by KPMG:

We will provide tax consulting services with respect to such matters as may arise for which you seek our advice and consultation. However, we will not render any advice with respect to a "listed transaction" or any transaction that is substantially similar to a "listed transaction" within the meaning of Treasury Regulation §1.6011-4. KPMG will not defend any transaction that is or becomes a transaction designated by the IRS as a "listed transaction".

We do not anticipate that the written tax advice provided under this engagement letter will be a Covered Opinion as defined in §10.35 of Circular 230 ("Covered Opinion"). However, if our services will rise to the level of a Covered Opinion, we will issue a separate SOW for the issuance of a Covered Opinion.

Tax Advice Standards

If KPMG is considered a tax return preparer under Treasury Regulation §301.7701-15 or routine assistance in connection with examinations by the taxing authorities is being provided, we will apply elevated standards. Under these standards, we must be able to determine that any return position on which we advise has a "realistic possibility" of being sustained on its merits (i.e., approximately a one-in-three or greater likelihood of success if challenged by the IRS) if the position does not involve a transaction designated by the IRS as a "listed transaction" or a transaction with the principal purpose of avoiding or evading any tax imposed by the Internal

Revenue Code (a "principal purpose transaction"). If the advice relates to a "principal purpose transaction", we must arrive at a "should" confidence level (i.e., approximately a 70 percent or greater likelihood of success if challenged by the IRS) with respect to the position. In determining whether a position satisfies the "realistic possibility" and "should" standards, we will not take into account the possibility that a tax return will not be audited, that an issue will not be raised on audit, or that an issue will be settled. We will inform you as soon as possible if, during our analysis, we determine circumstances exist that prevent us from advising you under these standards.

Coordination with KPMG International Member Firms

Our services covered by this engagement letter may also necessitate the assistance of a member firm of KPMG International. To the extent that our services under this engagement letter require such assistance, the services will be provided under the direction of KPMG LLP, the U.S. member firm of KPMG International, and will include the participation of one or more other member firms of KPMG International ("KPMG member firms"). KPMG LLP is a separate legal entity from other member firms of KPMG International. Advice relative to tax matters outside the United States will be based on tax advice provided by the KPMG member firm in the particular country and on the relevant tax authorities in that country. In rendering such advice, we may also consider U.S. tax treaties, their technical explanations, and judicial and administrative interpretations thereof.

In certain countries, a KPMG member firm is authorized to provide legal services within its jurisdiction. This engagement letter encompasses only tax services provided by KPMG member firms and does not encompass any legal services a KPMG member firm may be authorized to provide. Should the provision of such legal services not be proscribed by applicable independence rules and should you choose to retain a KPMG member firm to provide legal services, including drafting of documents, in a particular country, you and the KPMG member firm will enter into a separate fee arrangement and engagement letter for the provision of such legal services.

III. RESOURCES ASSIGNED TO THIS SOW

The KPMG personnel assigned to provide services and deliverables under this SOW will be mutually agreed by Delphi and KPMG when such services are requested by Delphi, on a service-by-service basis.

IV. PAYMENT; EXPENSES; AND INVOICES

4.1 Payment Terms

KPMG will invoice Delphi on a monthly basis.

4.2 Professional Fees and Expenses

Our fees for tax consulting services will be based on the actual time incurred to complete the project at the following hourly rates, plus out-of-pocket expenses.

Partner	\$480
Senior Manager	\$395
Manager	\$315
Senior Associate	\$225
Associate	\$150

Fees for KPMG International Member Firm will be billed at 60% of their standard hourly rates.

We estimate that the fees under this SOW will be \$50,000 to \$75,000.

V. OTHER TERMS AND CONDITIONS THAT SHALL APPLY TO THIS SOW

5.1 Limitation of Liability: Except to the extent finally determined to have resulted from the gross negligence or intentional misconduct of KPMG, KPMG's liability to pay damages for any losses incurred by Delphi as a result of breach of contract, negligence or other tort committed by KPMG, regardless of the theory of liability asserted, is limited to no more than five times the total amount of fees paid to KPMG for the Services provided under this SOW. Except to the extent finally determined to have resulted from the gross negligence or intentional misconduct of Delphi or in connection with Delphi's violation of its obligations under Section 6(b) of the Agreement, Delphi's liability to pay damages for any losses incurred by KPMG as a result of breach of contract, negligence or other tort committed by Delphi, regardless of the theory of liability asserted, is limited to no more than the total amount of fees paid to KPMG for the services provided under this SOW.

5.2 Not Applicable

5.3 Not Applicable

5.4 If applicable: Delphi shall provide reasonable workspace, administrative support, computer facilities and other support, which are necessary to perform the Services. Delphi shall perform the tasks and provide the assistance described in this SOW. Delphi shall ensure that it has appropriate back up, security and virus-checking

procedures for any computer facilities, information or materials it provides. Delphi consents to the use, by staff visiting or working from the Delphi site, of the Delphi's resources, including, but not limited to network, Internet and extranet access, for the purpose of accessing similar resources. Delphi agrees to perform in a timely fashion those tasks and provide the personnel agreed to by the Parties and set forth herein.

**Statement of Work ("SOW") - Number _____
Between Delphi Corporation and KPMG LLP**

Project Name: Fresh Start Services
Project Date: February 9, 2007

This SOW is governed under the Master Professional Services Agreement (the "Agreement") dated February 9, 2007 between Delphi Corporation ("Delphi") and KPMG LLP, ("KPMG") and is fully incorporated therein. All terms used in this SOW and not otherwise defined will have the same meaning as in the Agreement.

I. PURPOSE AND SCOPE OF THIS SOW:

This SOW covers the provision of advisory services to Delphi, including: accounting and tax, valuation, systems, and project management services for the period beginning February 9, 2007. This SOW confirms the understanding of the objectives, deliverables, timing, staffing and fees for this project/effort. This SOW covers work for addressing various valuation, accounting, financial reporting and tax needs arising from your anticipated adoption of a confirmed plan of reorganization and emergence from Chapter 11.

II. PARTIES' RESPONSIBILITIES UNDER THIS SOW

2.1 Services to be provided by KPMG:

In connection with Delphi's emergence from Chapter 11, it will apply fresh start accounting in accordance with AICPA Statement of Position 90-7, *Financial Reporting by Entities in Reorganization Under the Bankruptcy Code* ("SOP 90-7").

At Delphi's request, KPMG will provide advisory services related to Delphi's fresh start accounting under the day-to-day direction of Brian Murray, Director of Fresh Start Accounting, including accounting and tax, valuation, systems, and project management services ("Fresh Start Services"). Delphi agrees to identify those individuals authorized to request Services from KPMG under the terms of this SOW. Individuals authorized to request Services agree to identify the purpose of the Services, and identify for whom the Services are to be performed at the time the Services are requested.

Our work will be based primarily on information supplied by management of Delphi and will be carried out on the basis that such information is accurate and complete. Delphi is responsible for and should consult with its external auditor on matters of how existing

accounting principles have been applied, and the effect, if any, on any financial information resulting from our services.

We will assume no responsibility and make no representations with respect to the accuracy or completeness of information provided to us by management of Delphi or any other person. Moreover, our work cannot provide assurance that matters of significance to you will be disclosed. We have not been engaged to, nor will we, provide any management functions or make management decisions for Delphi. Further, our work is not designed to and is not likely to reveal fraud or misrepresentation by the management of Delphi or any other person.

We do not anticipate that the written tax advice provided under this engagement letter will be a Covered Opinion as defined in §10.35 of Circular 230 ("Covered Opinion"). Therefore, all the written tax advice provided under this engagement letter will contain the following legend:

ANY TAX ADVICE IN THIS COMMUNICATION IS NOT INTENDED OR WRITTEN BY KPMG TO BE USED, AND CANNOT BE USED, BY A CLIENT OR ANY OTHER PERSON OR ENTITY FOR THE PURPOSE OF (i) AVOIDING PENALTIES THAT MAY BE IMPOSED ON ANY TAXPAYER OR (ii) PROMOTING, MARKETING OR RECOMMENDING TO ANOTHER PARTY ANY MATTERS ADDRESSED HEREIN.

However, if our services will rise to the level of a Covered Opinion, we will issue a separate engagement letter for the issuance of a Covered Opinion.

If KPMG is considered to be a tax return preparer under Treasury Regulation §301.7701-15, we will apply elevated standards in providing tax advice. Under these standards, we must be able to determine that any return position on which we advise has a "realistic possibility" of being sustained on its merits (i.e., approximately a one-in-three or greater likelihood of success if challenged by the IRS) if the position does not involve a transaction designated by the IRS as a "listed transaction" or a transaction with the principal purpose of avoiding or evading any tax imposed by the Internal Revenue Code (a "principal purpose transaction"). If the advice relates to a "principal purpose transaction", we must arrive at a "should" confidence level (i.e., approximately a 70 percent or greater likelihood of success if challenged by the IRS) with respect to the position. In determining whether a position satisfies the "realistic possibility" and "should" standards, we will not take into account the possibility that a tax return will not be audited, that an issue will not be raised on audit, or that an issue will be settled. We will inform you as soon as possible if, during our analysis, we determine circumstances exist that prevent us from advising you under these standards.

A detailed description of our scope of services by area is included as follows:

Scope of Our Services: Accounting and Tax

We will assist management with planning an approach, consideration of alternatives, research, analysis, implementation assistance and assistance with preparing documentation related to your accounting and reporting the emergence from Bankruptcy and adopting Fresh Start reporting. In providing this assistance, we will provide assistance and support to management in its consideration or evaluation of the following:

- *Fresh Start Approach and Work Steps.* Consideration of the alternatives in approach, timing, order, and adoption dates for Fresh Start Reporting, the alternatives for on-going efficient processing of detailed accounting records, and the potential approaches for updating detailed records to reflect changes in values and the new accounting requirements following emergence;
- *Change in ownership.* Evaluation of whether the conditions in SOP 90-7 are met to justify adoption of a new, fresh start basis by determining whether there is a change in ownership before confirmation and after emergence;
- *Issues & documentation.* Research and documentation (memoranda, discussions with Ernst & Young as required, etc.) to support the accounting and reporting conclusions reached in accordance with SOP 90-7;
- *Segregation of liabilities.* Identification and segregation of liabilities that arose before and after filing to reflect the liabilities subject to the bankruptcy process;
- *Claims.* Monitoring the bankruptcy proceedings to (i) compare the claims filed, allowed, and existing debtor balances (particularly for trade vendors) to (ii) adjust the existing payables to the allowed claims and (iii) estimate claims to be settled upon emergence (failure to properly estimate the claims to be settled at emergence will impact post-emergence earnings);
- *Reporting classifications.* Identification and segregation of pre-emergence expenses, restructuring costs, and losses for classification in a special category called "reorganization items" to properly portray amounts from activities to restructure the operations prior to emergence;
- *Guarantees (FIN 45).* Consideration of issues related to recognizing the fair value of obligations from guarantees (from units subject to spin-off or sale as a result of the restructuring process);
- *Asset Retirement Obligations (SFAS 143).* Consideration of issues related to recognizing obligations from the retirement of tangible long-lived assets (from units subject to spin-off or sale as a result of the restructuring process);

- *Top level reporting.* Assessment of the degree to which top side adjustments and disclosures are utilized to report on a fresh start basis from the date of emergence until such amounts are recorded to your detailed accounting records;
- *Detailed accounting records.* Developing an approach to repopulating your detailed records with new fair values and asset lives, providing electronic files and assisting with updating fixed asset and other detailed accounting records with the concluded fair values;
- *Training Delphi employees.* At your direction, assisting with training your employees on the impact of adopting fresh start accounting;
- *Book vs. tax balances.* Identification of differences between book and tax balances that arise from the plan of emergence and fresh start accounting;
- *Tax attributes.* Determination of the current position of federal and state tax attributes (including usage limitations) and net asset basis (including basis in stock of subsidiaries) for federal and state tax purposes;
- *Insolvent subsidiaries.* Consideration of the deferred tax impact on the outside basis of investments in any insolvent subsidiaries;
- *Cancelled debt income.* Computation of the amount and allocation of cancelled debt income for federal and state tax purposes;
- *NOL carryforwards.* Identification of limitations in the ability to utilize net operating loss carry forwards as a result of the approved plan;
- *Tax elections.* Assessment of the impact of available federal and state tax elections; and
- *Bankruptcy-related expenses.* Assessment of the deductibility of bankruptcy-related expenses.

The work that we will perform will consist of the following: (a) holding discussions with certain Delphi officers, employees and outside consultants, (b) reading relevant documentation provided by you (c) assisting with gathering additional data, (d) analyzing data and (e) providing advice related to your analyses as required.

The observations we will make will often be in the form of issues identified and alternative views that Delphi may consider when determining its particular accounting. The goal of our work is to help Delphi develop accounting and financial reporting and tax planning and reporting. We may also provide observations as to what may be the views of Delphi's independent accountant, the staff of the Securities and Exchange Commission, or various tax authorities. Such observations may be made without any discussion with Delphi's independent accountant, the staff of the Securities and Exchange Commission, or the tax

authorities and as such may not reflect those parties' actual views on a particular topic or issue.

Our observations should not be taken as any form of concurrence, conclusion or opinion that we agree with or support Delphi's proposed accounting or tax treatment for a particular transaction or its proposed accounting under a new accounting pronouncement. Our role is one of facilitating Delphi management's analysis as it reaches its own conclusions.

We will perform our tax services on the basis of the information you have provided and in consideration of the applicable federal, foreign, state or local tax laws, regulations and associated interpretations relative to the appropriate jurisdiction as of the date the services are provided. Tax laws and regulations and/or their interpretation are subject to change at any time, and such changes may be retroactive in effect and may be applicable to advice given or other services rendered before their effective dates. We do not assume responsibility (and will have no liability) for such changes occurring after the date we have completed our services.

As you are aware, tax returns and other filings are subject to examination by taxing and other regulatory authorities. If KPMG and Delphi agree, we can assist Delphi in the event of an audit of any issue for which we have provided services under this Agreement. Such services will be subject to a separate Statement of Work. Our fees for tax audit services that we may agree to provide at a later date are not included in our fee for the Fresh Start Services covered by this SOW.

Scope of Our Services: Valuation

Under SOP 90-7 fresh start accounting, the reorganization value of Delphi, which will be provided to us by Delphi or its advisors, will be allocated to Delphi's assets and liabilities in accordance with the procedures specified in Statement of Financial Accounting Standards No. 141, *Business Combinations* ("FAS 141"). Under FAS 141, the reorganization value of Delphi will be allocated to Delphi's assets and liabilities based on their estimated fair values upon emergence from Chapter 11. According to FAS 141, fair value is defined as: *"The amount at which the asset could be bought (or incurred) or sold (or settled) in a current transaction between willing parties, that is, other than in a forced or liquidation sale."* After January 1, 2007, Statement of Financial Accounting Standards No. 157, *Fair Value Measurement* ("FAS 157") will amend that definition to read as follows: *the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.*

To assist you with the allocation of assets and liabilities based on their estimated fair values upon emergence from Chapter 11, you have requested that we perform the following:

- *Reorganization value.* Read and identify potential issues with the reorganization value ("Reorganization Value") as determined by the Company's financial advisors and identify differences in assumptions or methodologies used to determine reorganization value and the business enterprise values ("BEV") of your reporting units and plants;

- *Identify assets & liabilities.* Obtain and read the Company's historical financial statements and detailed financial records, and conduct site visits as necessary, to identify assets and liabilities, regardless of whether those assets and liabilities are currently recorded. Where applicable and acceptable by you and your auditors, we will apply sampling techniques to support an extrapolation of values to the subject population. In other instances, we will assist you in identifying subject assets. In either event, we are not responsible for assuring that all assets have been identified, rather we will rely upon your representation of the population of your assets and liabilities;
- *Fair values.* Prepare fair value estimates for each identified asset and liability (the "Subject Assets and Liabilities"), including in-process research and development ("IPR&D");
- *Goodwill.* Determine the difference, if any, between Reorganization Value and the fair value of the Subject Assets and Liabilities identified and valued ("goodwill" or "negative goodwill");
- *Reporting units.* Determine the BEV for each reporting unit and allocate the fair value of Subject Assets and Liabilities, including goodwill, to the SFAS 142 Reporting Units identified by the Company taking into consideration the Reorganization Value;
- *Joint Ventures.* Prepare fair value estimates for the joint venture interests and allocations to identified intangibles in acquisitions accounted for under the equity method;
- *Remaining useful lives.* Estimate remaining useful lives and provide amortization schedules for the tangible and identified intangible assets;
- *Valuation report.* Issue a valuation report covering the fair value estimates of the Subject Assets and Liabilities and BEVs for each reporting unit of the Company.

To properly apply these fair value definitions, we will assume the use (and incurrence) of the subject assets (and liabilities) in an ongoing business, unless otherwise indicated by management. To the extent that the information can be obtained without undue cost and effort, our analysis will also reflect assumptions that would be made by market participants if they were to buy or sell each identified asset on an individual asset basis or other appropriate unit of account.

Our work will include discussions with directors, officers, and employees regarding the historic, current, and future operations of Delphi. Our financial analysis will be based on available historical and projected financial statements and operating data provided by management. We will also review industry and comparative public company financial data obtained from published or other available sources.

Our valuation analysis and recommendation of values are based on information and financial

data provided by management of Delphi and from third party sources. Information obtained from third party sources will be obtained from sources considered reliable and believed to be true and correct. However, no representation, liability or warranty for the accuracy of such items is assumed by or imposed on us, and is subject to corrections, errors, omissions and withdrawal without notice. With respect to the prospective financial information used by us as part of our analysis we will not examine, compile or apply agreed upon procedures to such information in accordance with standards established by the AICPA, and will not express assurance of any kind on such information. Because events and circumstances frequently do not occur as expected, there will usually be differences between predicted and actual results, and those differences may be material. We take no responsibility for the achievement of predicted results included in the prospective financial information.

In the performance of our valuation work, good and marketable title is assumed. No investigation of legal title or liens will be made, and we render no opinion or any form of assurance as to ownership or condition.

In the performance of our work, the existence of potentially hazardous materials (i) used in the construction, maintenance or servicing of buildings and machinery and equipment of the business, such as the presence of urea-formaldehyde foam insulation, asbestos, lead paint, toxic waste, underground tanks, radon and/or any other prohibited material or chemical which may or may not be present on or in the subject real and/or tangible personal property or (ii) of which the business may be held accountable, is not expected to be, unless specifically indicated in the Deliverables, disclosed to us during the course of this engagement. We, however, are not qualified to detect such substances. The existence of these potentially hazardous materials could have a significant effect on our value recommendations. You are urged to retain an expert in this field, if desired. The recommendation of value assumes the items being value is "clean" and free of any of these adverse conditions unless we have been notified to the contrary in writing.

Unless otherwise stated in our scope of work our recommendation of value will not consider the possible effect, if any, of (i) future federal, state or local legislation, (ii) environmental or ecological matters or (iii) potential economic gain or loss resulting from contingent assets, liabilities, or events existing as of the Valuation Date. We have no responsibility for any events, conditions or circumstances that take place subsequent to the date of our Deliverable. We reserve the right, without any obligation on our part, to make revisions to our report and conclusion reached herein should we be made aware of facts existing at the Valuation Date, which were not known by us at the date of this report.

Our recommendation of value should not be used as the basis of any decision to purchase, sell or transfer any interest in any assets. Such decisions are your sole responsibility alone, as is the structure to be utilized and the price to be accepted. The selection of the price to be accepted in any transaction requires consideration of factors beyond the information we will provide or have provided. An actual transaction might be concluded at a significantly higher value or at a significantly lower value, depending upon the circumstances of the transaction and the knowledge and motivations of the buyers and sellers at that time. Neither our

recommendation of value nor our Valuation Deliverables are to be construed as a fairness opinion as to the fairness of an actual or proposed transaction, a solvency opinion, or an investment recommendation.

Scope of Our Services: Systems

We will provide systems services to embed the "fresh start" adjustments into the financial reporting processes of Delphi, considering all of its various reporting requirements. In providing our systems services we will:

- Assess the impact of fresh start accounting on Delphi's existing systems and reporting requirements and provide recommendations for improvement
- Provide you with example model journal entries that may be required to adjust the accounting records in connection with initial or subsequent conversion to the new accounting bases
- Work with you to identify methods to record the adjustments required in the consolidation systems and accounting records
- Assist with identifying the impact on other reporting requirements and methods to efficiently report on the new bases of accounting (i.e. tax and management reporting)
- Advise you on the roll-out of the "component evaluation" methodology to each impacted entity. This methodology organizes the work effort around components to identify where adjustments are needed and how to incorporate these into the various systems. Key aspects include:
 - Understanding the local accounting policies or requirements
 - Identifying the impact of the new accounting policies or requirements
 - Identifying of the accounts which must be restated
 - Documenting the systems which require change and possible new systems
 - Identifying interdependence with other components
 - Developing a preliminary plan to produce new data requirements (design)
 - Obtaining approvals or sign off on key decisions
 - Identifying factors to consider as you begin to implement (build and test)
- Advise you on additional improvements which could be made to the financial reporting processes and systems in both the short term and long term

As noted above, our systems services include identifying factors to consider as you begin to implement (build and test) adjustments to be made to the system. Delphi is responsible for building and testing adjustments to be made to systems. We will be able to assist Delphi in building and testing the adjustments on the basis of a scope assessment at that time. However, unless otherwise indicated, our fees for these additional services are not included in our fee for the Fresh Start Services covered by this SOW.

Scope of Our Services: Project Management

We will provide project management services to Delphi senior management and its fresh start project manager that will assist in coordinating Fresh Start Services. Project management services will be designed to advise Delphi regarding project timelines, milestones, deliverables, interdependencies, risks and resources. In providing the project management services, we expect to comment upon Delphi's proposed:

1. Project structure, scope, governance, and detailed planning;
2. Approach and prioritization with respect to issue resolution and change management processes; and
3. Approach to status reporting and the related communication process.

We also expect to facilitate KPMG's compliance with Delphi's chosen approaches to project management.

Professional Standards

KPMG will perform their services under the Statements on Standards for Consulting Services issued by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users of our advice and/or discussion documents. Consequently, KPMG makes no representation regarding the sufficiency of the procedures either for the purpose for which our advice and/or discussion documents is being prepared or for any other purpose.

No Audit or Independent Verification

In this engagement, KPMG assumes no responsibility for auditing information provided by Delphi or for expressing an opinion or any other form of assurance (including an audit or review) on any part of Delphi's financial statements. Those responsibilities belong to Delphi and their independent auditor. Further, KPMG will not be compiling or otherwise associated with Delphi's financial statements as that term is defined in the Statements on Auditing Standards issued by the AICPA and you cannot refer to us or our report with third parties or in any regulatory filings without our express written consent.

Except as otherwise set forth in the SOW, in accepting this engagement, Delphi acknowledges that completion of this engagement or acceptance of deliverables resulting from this engagement will not constitute a basis for Delphi's assessment or evaluation of internal control over financial reporting and disclosure controls and procedures, or its compliance with its principal officer certification requirements under Section 302 of the Sarbanes-Oxley Act of 2002 (the "Act"). This engagement shall not be construed to support Delphi's responsibilities under Section 404 of the Act requiring each annual report filed under Section 13(a) or 15(d) of the Securities Exchange Act of 1934 to contain an internal control report from management.

To the extent that KPMG provides accounting advisory services to Delphi, we will base our conclusions on the facts and assumptions that Delphi submits; we will not independently verify such information but will inform Delphi's management of any such information that may appear questionable to KPMG. Inaccuracy or incompleteness of the information provided to us could have a material effect on our advice and services provided. In rendering accounting advice, whether written or oral, we will consider the applicable technical literature, laws and regulations. Financial reporting authoritative guidance is subject to change or modification, retroactively or prospectively, by varying interpretation and by subsequently issued pronouncements, legislation, and regulatory, administrative, or judicial decisions. Any such change or modification could affect the validity of our advice. Following the termination of this engagement, we will not update our advice for subsequent changes, in circumstances, events, or modifications of rules.

Accounting advice provided by KPMG to Delphi may not be provided to any third party without the express written permission of KPMG. Additionally, Delphi agrees that we have no obligation to update any information provided to you for events and circumstances occurring after termination of this engagement, unless a request is agreed to in writing.

Advice on the Application of Accounting Principles (SAS 50)

KPMG's valuation services are intended to be a primarily straightforward application of generally accepted valuation methodologies to Delphi's facts. KPMG does not have responsibility for management analysis or decision-making with respect to Delphi's positions taken on tax returns, the application of any accounting principles, related financial statement disclosures and balance sheet accounts. Delphi is to consult with their independent auditor on the application of accounting principles.

To the extent that our engagement scope contemplates KPMG providing Delphi with other accounting advisory services, we will assist you with performing research and identifying important factors to consider when applying the guidance to your circumstances. We will assist Delphi with preparation of analyses and supporting documentation to enable you to consider the possible accounting decisions and draw conclusions on your interpretations of the application of accounting. In doing so, we limit our advice to the extent within accepted practice with the intention that you will not encounter issues or disagreements with your auditor, necessitating communication with your audit committee or require disclosure of significant consultations with accountants other than your auditor, but rather will work with you and your auditor in a collaborative approach to arrive at common agreement on the appropriate interpretations for the circumstances.

Should you request more formal views by KPMG on a particular matter involving the application of generally accepted accounting principles, either verbally or in writing, such advice falls within the provisions of Statement of Auditing Standards No. 50 *Reports on the Application of Accounting Principles* as amended by Statement of Auditing Standards No. 97, *Amendment to SAS 50, 'Reports on the Application of Accounting Principles'* (SAS 97). Because of the requirements of SAS 50, and KPMG internal policies, on those occasions when

we provide such accounting advice to the principal of proposed accounting policies who is not a KPMG audit client, such professional requirements include communicating with the independent auditors' of the Company to discuss such matters as:

- the economic substance of the transactions in scope versus the form of the transaction;
- whether there is a dispute between the Company and the continuing accountants; or
- whether the continuing accountants have reached a conclusion that differs from ours.

We anticipate providing advice under SAS 50 related to the application of SOP 90-7 and SFAS 144 with respect to your emergence from bankruptcy and impairment analysis and agree to undertake such advice pursuant to this SOW.

2.2 KPMG Deliverables:

Documentation of Deliverables

KPMG and Delphi agree to establish and agree upon the level and content of oral and written material to be provided to Delphi in connection with Fresh Start Services (the "Deliverables").

Accounting and Tax, Systems, Impairment and Project Management Deliverables

During various stages of our work, we will provide you with oral advice, verbal reports, various outlines, executive summaries, presentations, letters, issues analysis, schedules, etc., prepared to assist us in advising you. No formal written report will be issued by KPMG as part of this advice.

Valuation Deliverables

Our goal is to present all deliverables in a format that is most effective for you. We typically provide our deliverables in two phases:

- Phase one's deliverable will be a summary report with accompanying financial schedules detailing preliminary valuation or impairment charge conclusions; and
- Phase two's deliverable will be a full report, with accompanying financial schedules, that provides an overview of our valuation process, fair values of the subject assets, (where appropriate) remaining useful lives, a description of valuation methodologies, and assumptions utilized.

This report will include, but will not be limited to, the following:

- An executive summary of our conclusions;

- A summary of the relevant accounting considerations related to fresh start accounting;
- A reconciliation of allocated enterprise value to the reorganization value determined by Delphi's financial advisers;
- Detailed descriptions of Delphi and each reporting unit;
- Analysis of the economic environment and prospects for future economic growth as of the report date;
- Detailed analysis of the industry in which Delphi and each of its reporting units compete;
- Detailed analysis of the financial condition of the Company and each reporting unit;
- Extensive description and rationale behind the valuation approaches used in our analysis;
- A conclusion on the value of all assets and liabilities as well as an allocation of those values to the reporting units determined by Delphi; and
- Detailed financial exhibits supporting our conclusions.

To enable Delphi to support its valuation conclusions included in its regulatory filings, our Valuation Deliverables may be shared with your auditor and applicable regulatory authorities having jurisdiction over Delphi and the subject matter of our Valuation Deliverables. Delphi agrees that it will provide KPMG with prompt notice prior to any such distribution.

The Valuation Deliverables may not be used in conjunction with any other appraisal or study. Our recommendation of value stated in our Valuation Deliverables will be based on the program of utilization described in the Valuation Deliverables, and may not be separated into parts. No change of any item in the Valuation Deliverables is authorized by anyone other than KPMG and we shall have no responsibility for any such unauthorized change.

Prior to issuing our Valuation Deliverables in final form, we will require a representation letter from you stating that we have been provided all relevant information of which you are aware and that there is no reason to believe that KPMG's assumptions based on these representations are unreasonable.

Limitations Covering All Deliverables

You agree not to use our Deliverables for any purpose other than as set forth in this SOW. Any other use, except where express authorization is provide in writing, is unauthorized and may be misleading.

Except as stated elsewhere in this SOW, our Deliverables in either draft or final form or portions thereof including our oral comments, should not be communicated or distributed to

any party who is not a member of Delphi management nor should they be referred to or quoted, in whole or in part, in any prospectus, registration statement, public filing, loan, other agreement or document, and KPMG should not be named as an expert without our express written consent.

In the event that our Deliverables are to be distributed to another party or if you request that we participate in oral discussions with another party, other than your audit firm, a release letter (similar to that set forth in Exhibit B) to hold KPMG, and any subcontractor we may use, harmless relative to their use of the Deliverable must be received from that party prior to the distribution or discussion. It is agreed that the terms of such release letter are to be determined exclusively by KPMG. The foregoing consent and release shall not apply to circumstances where Delphi has first carefully considered the contents of such Deliverables and has adopted them as its own. Where Delphi has adopted KPMG Deliverable content as its own, Delphi shall redact any and all reference to KPMG or KPMG's name from the Deliverable prior to any such disclosure, distribution or discussion and shall present such Deliverable as its own work product with no attribution or references in any form to KPMG or KPMG's name.

During the engagement we may develop electronic work products, including spreadsheets, documents, databases and other electronic tools to assist us with our engagement. In some cases these electronic work products may be provided to Delphi upon request. As these electronic work products were developed specifically for our purposes and without consideration of any purpose for which you might use them, they are made available on an 'as is' basis for Delphi's use only. Further, we make no representations or warranties as to the sufficiency or appropriateness of the spreadsheets for any purpose for which you may use them, or that the operation thereof will be uninterrupted or error-free.

The report provided under this SOW is not intended to be used, nor should be used, in connection with any tax matter. Although our engagement will include tax accounting support, our valuation report is not intended to be used for tax purposes. Therefore, our valuation report will contain the following legend:

This report is not intended to be used, nor should be used, in connection with any tax matter. In the event Client uses this report for or in relation to any tax matter, the report is not intended or written by KPMG to be used, and cannot be used, by a client or any other person or entity for the purpose of (i) avoiding penalties that may be imposed on any taxpayer or (ii) promoting, marketing or recommending to any other party any matters addressed herein.

We have attached as Exhibit A to this letter the Valuation Limiting Terms and Conditions for your information. We also have attached as Exhibit C to this letter, an example representation letter that we would tailor to your specific facts and assumptions and will request that you sign at the end of our engagement.

2.3 Use of Subcontractors:

Our services covered by this engagement letter may also necessitate the assistance of a member firm of KPMG International. To the extent that our services under this engagement letter require such assistance, the services will be provided under the direction of KPMG LLP, the U.S. member firm of KPMG International, and will include the participation of other member firms of KPMG International ("KPMG member firms"). KPMG LLP is a separate legal entity from other member firms of KPMG International. KPMG LLP, without the Company's prior written approval, may subcontract a portion of its responsibilities under this engagement letter to any of the KPMG member firms, provided, however, that KPMG LLP shall remain fully and solely responsible for all of KPMG's liabilities and obligations under the engagement letter.

2.4 Delphi's Responsibilities:

Delphi's financial statements and regulatory filings are the sole responsibility of Delphi. Delphi management is responsible for properly recording transactions in the accounting records. Management is also responsible for identifying and ensuring that Delphi complies with the laws and regulations applicable to its activities. KPMG has not been engaged to, and will not, perform management functions, make management decisions, or act or appear to act in a capacity equivalent to that of an employee or otherwise engage in any activity that in the judgment of KPMG would be inappropriate in the capacity for performing the services as set forth in this SOW.

It is your responsibility to determine the adequacy of the scope of our work to be performed for your purposes. We make no representations as to whether our procedures are sufficient for your purposes. Also it is understood that it is your responsibility to (1) designate a management-level individual or individuals to be responsible for overseeing the services being provided, (2) evaluate the adequacy of the services performed and any findings that result, and (3) make all management decisions and perform all management functions, including accepting responsibility for the implementation of actions identified in the course of this engagement and results achieved from using the services and/or Deliverables. Delphi agrees that it will notify KPMG in writing if management does not have sufficient information or advice from KPMG to enable management to make and accept responsibility for all decisions related to our advice.

Delphi is responsible for making available to KPMG, upon request, all of the necessary information and company personnel to whom KPMG can direct inquiries to perform its services as set forth in this SOW. Delphi agrees to perform the tasks and provide the assistance agreed to by the parties. Any timing or fee estimate we have provided for this engagement takes into account the agreed-upon level of assistance from Delphi and commitment of Delphi resources. KPMG shall not be responsible for any delay or other consequences resulting from Delphi's failure to perform any of its obligations under this Agreement. Delphi's failure to satisfy its responsibilities under this SOW may lead to an

increase in KPMG fees, depending on the extent to which KPMG has to perform more services or reschedule its commitments to deliver the Services, or KPMG's inability to provide the Services.

KPMG will make specific inquiries of Delphi management when performing the services as set forth in this SOW. KPMG intends to rely upon the results of its procedures and the responses to its inquiries in forming its findings.

2.5 Limitation of Liability and Indemnification

Except to the extent finally determined to have resulted from the gross negligence or intentional misconduct of KPMG, KPMG's liability to pay damages for any losses incurred by Delphi as a result of breach of contract, negligence or other tort committed by KPMG, regardless of the theory of liability asserted, is limited to no more than the total amount of fees paid to KPMG for the Services provided under this SOW. Except to the extent finally determined to have resulted from the gross negligence or intentional misconduct of Delphi or in connection with Delphi's violation of its obligations under Section 6(b) of the Agreement, Delphi's liability to pay damages for any losses incurred by KPMG as a result of breach of contract, negligence or other tort committed by Delphi, regardless of the theory of liability asserted, is limited to no more than the total amount of fees paid to KPMG for the services provided under this SOW.

2.6 In addition to the engagement limitations set forth in Section 14 in the Agreement:

KPMG is responsible for performing the services set forth in this SOW in accordance with the terms of the Agreement and this SOW and reporting its findings thereon. The day-to-day performance of the services as set forth in this SOW will be directed, reviewed, and supervised by KPMG.

Valuation Services Limiting Assumptions Addendum to Standard Terms and Conditions

This Valuation Services Limiting Assumptions Addendum to the Standard Terms and Conditions is an integral part of the accompanying Standard Terms and Conditions for Advisory and Tax Services.

18. **Nature of Opinion.** Neither our opinion nor our report are to be construed as a fairness opinion as to the fairness of an actual or proposed transaction, a solvency opinion, or an investment recommendation, but, instead, are the expression of our determination of the fair [market] value of the Subject Assets between a hypothetical willing buyer and a hypothetical willing seller in an assumed transaction on an assumed valuation date. For various reasons, the price at which the Subject Assets might be sold in a specific transaction between specific parties on a specific date might be significantly different from the fair [market] value expressed in our report.
19. **Going Concern Assumption, No Undisclosed Contingencies -** Our analysis (i) assumes that as of the Valuation Date the Company and its assets will continue to operate as configured as a going concern; (ii) is based on the past and present financial condition of the Company and its assets as of the Valuation Date; and (iii) assumes that the Company had no undisclosed real or contingent assets or liabilities, no unusual obligations or substantial commitments, other than in the ordinary course of business, nor had any litigation pending or threatened that would have a material effect on our analysis.
20. **Reliance on Forecasted Data.** Any use of management's projections or forecasts in our analysis does not constitute an examination or compilation of prospective financial statements in accordance with standards established by the American Institute of Certified Public Accountants ("AICPA"). We do not express an opinion or any other form of assurance on the reasonableness of the underlying assumptions or whether any of the prospective financial statements, if used, are presented in conformity with AICPA presentation guidelines. Further, there will usually be differences between prospective and actual results because events and circumstances frequently do not occur as expected and those differences may be material.
21. **USPAP.** Unless otherwise stated in our report, our report is in substantial compliance with USPAP ("Uniform Standards of Professional Appraisal Practice").
22. **Verification of Legal Description or Title.** We have made no investigation of legal description or title and have assumed that owner(s) claims to property are valid. No consideration will be given to liens or encumbrances which may be against the property except as specifically stated as part of the financial statements you provide to us as part of this engagement. Full compliance with all applicable federal, state and local zoning, environmental, and similar laws and regulations is assumed, unless otherwise stated, and responsible ownership and competent management are assumed.
23. **Verification of Hazardous Conditions.** We will not investigate the extent of any hazardous substances that may exist as we are not qualified to test for such substances or conditions. If the presence of such substances, such as asbestos, urea formaldehyde foam insulation or other hazardous substances or environmental conditions may effect the value of the property, the value will be estimated predicated on the assumption that there is no such condition on or in the property or in such proximity thereto that it would cause a loss in value. No responsibility will be assumed for any such conditions, or for any expertise or engineering knowledge required to discover them.
24. **Condition of Property.** We assume no liability whatsoever with respect to the condition of the subject property for hidden or unapparent conditions, if any, of the subject property, subsoil or structures, and further assume no liability or responsibility whatsoever with respect to the correction of any defects which may now exist or which may develop in the future. Equipment components considered, if any, were assumed to be adequate for the needs of the property's improvements, and in good working condition, unless otherwise reported.
25. **Zoning.** It is assumed that all public and private zoning and use restrictions and regulations had been complied with, unless non-conformity was stated, defined and considered in the report.
26. **The Americans with Disabilities Act ("ADA").** The ADA became effective January 26, 1992. The valuation profession will not make a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the property, together with a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more requirements of the ADA. If so, this fact could have a negative effect upon the value of the property. Since the valuation professional has not direct evidence relating to this issue, he will not consider possible non-compliance with the requirements of the ADA in estimating the value of the property.

Delphi has informed Releasing Party that KPMG LLP has performed certain procedures to assist Delphi in connection with its application of fresh start accounting in connection with its emergence from Chapter 11 bankruptcy proceedings ("Fresh Start Services"). We understand that the work performed by KPMG LLP was performed in accordance with instructions provided by Delphi and was performed exclusively for Delphi's sole benefit and use.

Releasing Party acknowledges that this Work Product was prepared at the direction of Delphi and may not include all procedures deemed necessary for the purposes of Releasing Party and that certain findings and information may have been communicated to Delphi that are not reflected in the Work Product.

In consideration of KPMG LLP allowing Releasing Party access to the Work Product and, if requested by Releasing Party, discussing the Work Product, Releasing Party agrees that it does not acquire any rights as a result of such access that it would not otherwise have had and acknowledges that neither KPMG LLP nor any other KPMG Firm or subcontractor involved in performing the Fresh Start Services or related Work Product ("Released Firms") assumes any duties or obligations to Releasing Party in connection with such access.

Releasing Party agrees to release KPMG LLP, each Released Firm and their personnel from any claim by Releasing Party that arises as a result of KPMG LLP permitting Releasing Party access to the Fresh Start Services Work. request and/or seek an appropriate protective order. It is understood and agreed that any objection of KPMG LLP to such a request shall not affect Releasing Party's obligations to produce materials called for by appropriate legal or regulatory process.

Acknowledged by Releasing Party representative:
